RESPONSE TO RESTRICTION REQUIREMENT WITH SPECIES ELECTION

In response to the Examiner's communication mailed May 30, 2006, having a deadline for response expiring June 30, 2006, Applicants hereby elect to prosecute in this application the following invention, without traverse:

Invention I. 1-31 drawn to a synthetic mammalian expression plasmid comprising a synthetic eukaryotic promoter, codon optimized eukaryotic therapeutic gene sequence, a polyA signal, etc., classified in class 435, subclass 320.1.

Additionally, the Examiner has required that a single disclosed species be elected for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

Applicants hereby elect SEQID No.: 7 and corresponding SEQID NO.: 19 as reading on the elected species.

Invention II, Claims 32-37 will be prosecuted separately under a divisional application.

Respectfully submitted,
